

MEDGENOME

Please join us for a symposium on Cancer Genomics

At Foster City, CA on March 20, 2017, 6:00 pm - 7:45 pm PST

Dr. Amit Chaudhuri

Talk Title: Introduction to Speakers & MedGenome solutions in Cancer Immunotherapy (15 minutes)

VP, Research & Development, MedGenome Inc.

Dr. Chaudhuri has over 15 years experience in oncology target discovery and validation at Genentech Inc, Inpharmatica Inc, and CuraGen Corporation. He holds a Ph.D. in Biochemistry from the Indian Institute of Science, Bangalore and did his Post Doctoral research at Massachusetts General Hospital, Harvard Medical School and at the Department of Molecular & Cellular Biology, Harvard University.

Dr. Pramod Srivastava, University of Connecticut Health

Talk Title: Finding the needle(s) in the haystack (45 minutes)

Professor, Department of Immunology, Eversource Energy Chair in Experimental Oncology, Director, Center for Immunotherapy of Cancer and Infectious Diseases
Director, Carole and Ray Neag Comprehensive Cancer Center

Dr. Pramod K. Srivastava, an accomplished leader in basic and translational research, is the director of the Carole and Ray Neag Comprehensive Cancer Center.

He has earned international acclaim for his groundbreaking work in the immunological function of heat shock proteins and in cancer immunology, is widely published in scholarly journals and serves on editorial boards for several major journals in immunology.

Dr. Beatrix Ueberheide, NYU School of Medicine

Talk Title: Application of mass spectrometry in Immunology : Characterization of MHC presented peptides and patient specific antibody repertoires (45 minutes)

Director, Proteomics Resource Center, NYU School of Medicine

Dr. Ueberheide is the Director of the Proteomics Resource Center at NYU. She has extensive experience in biological mass spectrometry especially method development, mapping of post translational modifications, *de novo* sequencing, 'Bottom Up' and 'Top Down' strategies, as well as comprehensive protein characterization in complex mixtures. She received her PhD in chemistry at the University of Virginia in the laboratory of Dr. Donald Hunt.

Please RSVP by email to: hiranjith.gh@medgenome.com to confirm your participation

**Monday,
March 20, 2017**

6:00 pm – 7:45 pm PST

**MedGenome Inc.
348 Hatch Drive
Foster City, CA - 94404**

Cocktails & Food will be provided
